Professional Summary

Machine Learning Engineer with strong theoretical foundations and practical skills in Deep Learning and Natural Language Processing. Experienced in training and deploying large-scale neural network models.

Technical Skills

Python, Machine Learning, Deep Learning, NLP, PyTorch, TensorFlow, Scikit-Learn, NumPy, Docker, Kubernetes, Git

Work Experience

Machine Learning Engineer - AILabs

2022 - Present

- Developed NLP models for text categorization and sentiment analysis using PyTorch and HuggingFace.
- Built ML pipelines using Scikit-Learn and managed deployments using Docker and Kubernetes.

Research Assistant - UC Berkeley AI Lab

2021 - 2022

- Implemented computer vision algorithms in Python and NumPy.
- Collaborated on writing academic papers for machine learning conferences.

Education

Ph.D. in Computer Science (AI focus) - University of California, Berkeley (2021)
